

WREN Airbrush and Accessories

BINKS®
A59-17R-3 4/04

An ideal airbrush.

Features:

- Single Acting Style
- Simple to Operate
- Easy to Maintain
- Versatile

The Binks' Wren airbrush is a single-action style; air and fluid are delivered simultaneously. The fluid delivery is controlled by rotating the fluid nozzle to allow more fluid to be siphoned into the airstream.

The Wren is simple to operate, easy to maintain, and produces excellent results with a minimum of practice. The Wren's versatility has made it the airbrush of choice for hundreds of thousands of airbrush users around the world.

Binks' Wren airbrushes have the capability to spray inks, stains, dyes, thinned lacquers, enamels, ceramic underglazing, and thinned overglazes.
